

With more than 13 years of experience, I am a highly proficient **Node, React, Vue, JavaScript, and TypeScript** developer specializing in full-stack, **front-end**, and **back-end** web application development. My commitment to clean code and adherence to best practices drives continuous improvement in software development processes.

Experience

Front End Team Leader

01/2022 - Present

www.katalyzzeai.com (Canada)

- Developed the Admin panel and dashboard using **Next.js** and **Typescript**
- Visualized the generated data by AI using **D3.js** charts and graphs
- Integrated with **Cognito Provider** and pushed to **Sanofi** as a micro frontend app
- Wrote the unit test for the whole application and got 85% coverage to pass the **SonarQube** quality gate

Front End Developer

02/2021 - 01/2022

www.wisdomise.com (UAE)

- Created the investment platform by cryptocurrency using **React, Gatesby.js** and **Typescript**
- Leveraged the power of digital wallets like **Metamask** and used **ether.js** to work with local chains.
- Integrated with **Okta as an SSO platform**, created the auth pages
- Deployed and hosted static and server-rendered web applications using **AWS Amplify**

Full Stack Developer

12/2017 - 12/2021

www.skyroom.online (Iran)

- Managed the development of a video conference application using **Vue 3, Express.js, WebRTC**
- Led the development team of 9 people
- Prepared a **Google Chrome Extension** for recording the room screen
- Collaborated in making SDK for sharing the features for **B2B** clients
- Wrote integration **tests** for all 3 projects using **Vitest**, resulting in **more than 60% of code coverage**

Front End Developer

09/2014 - 12/2017

www.infosys.com (USA)

- Led the development of an **e-commerce application** using **React, Next.js, Node.js** and **Express.js**.
- Designed **MonoRepo front-end Architecture** that enabled parallel development
- Achieved significant **SEO improvements** by implementing **server-side rendering** with **Next.js**
- Wrote **E2E testing** with **Cypress, React testing library, Jest**

Front End Developer

11/2011 - 06/2014

www.cognizant.com (USA)

- Implemented a **job posting application** using **React, Vue, Node, PostgreSQL, TypeScript**
- Used the **Apollo** to communicate with **GraphQL** Queries
