## OBJECTIVE

Seeking a dynamic product management role where I can leverage my experience in delivering innovative digital solutions that meet user needs. Proven ability to manage product lifecycles from concept to launch and ensure alignment with business goals and customer needs.

## EXPERIENCE

### Product Manager

Freelance Projects  
May 2024 - March 2025

- Led product delivery for small business projects, aligning features with client goals.
- Conducted user research to translate insights into clear product requirements.
- Built and maintained product roadmaps, prioritizing features based on impact.
- Collaborated with designers and developers to ship MVPs and iterative updates.

### Product Manager

Self-Employed Product Work  
April 2023 - April 2024

- Created wireframes and prototypes to test user flows and functionality.
- Iterated on product concepts based on feedback and usability insights.
- Conducted interviews and surveys for user research to gather requirements.
- Collaborated with cross-functional teams to enhance product features.

## VOLUNTEER EXPERIENCE

### Volunteer Coordinator

Local Nonprofit Organization  
January 2022 - December 2023
