PROFILE

Engaged in the development of the QR Code Web Application as a freelancer, I played a pivotal role in injecting dynamism and aligning functionality with the design blueprint. Leveraging my expertise in HTML, CSS, JavaScript, and ReactJS, I ensured the application's seamless transition into a dynamic and user-friendly platform.

Moreover, my proficiency extended into backend technologies such as Express, Node.js, and MongoDB, enabling me to fortify the application's functionality while maintaining a strong commitment to the project's design integrity. This hands-on experience has bolstered my ability to tackle challenges and deliver exceptional results in web development endeavors.

EDUCATION

| | | |
|---------------------|---|-----------|
| Jan 2008 - Mar 2009 | Boards, Patna central school | Patna |
| Jan 2010 - DEC 2012 | Intermediate, National Institute of open schooling | Patna |
| Jun 2013 - Apr 2016 | BE, Sjb Institute of Technology Bachelor of Engineering in Computer Science Engineering - Dropped Out Due to unforeseen financial constraints. | Bengaluru |

PROJECTS

Phonebook Web Application

- Developed a comprehensive phonebook web application using React, Node.js, Express and MongoDB.
- Implemented features enabling users to add, delete and update contact information demonstrating efficiency in CRUD operations.
- Leveraged RESTful API principles for efficient data handling and user interaction. [[View Live](#)]

Notifications Page Development

- Applied user-centric design principles to create an intuitive and visually appealing navigation interface. [[View Live](#)]

Interactive Card Details Form

- Created an Interactive Card Details Form project from Frontend Mentor.
- Demonstrated proficiency in HTML, CSS, JavaScript and React to develop a responsive and interactive user interface.
- Implemented input validation and modern front-end techniques, ensuring a seamless user experience. [[View Live](#)]

Certifications and Courses

Self-driven and avid learner passionate about UI/UX design and frontend development. Completed multiple comprehensive online courses, mastering tools such as Adobe XD, Photoshop, and Illustrator to craft engaging designs. Additionally, honed frontend development skills through rigorous coursework on JetBrains Academy and Scrimba, specializing in React. While these courses were free, the knowledge gained has been invaluable, empowering me to excel in creating user-centric designs and robust web applications.

HOBBIES

Passionate about life both on and off the screen, I find joy in a variety of interests that shape my well-rounded persona. When not crafting engaging user experiences, you'll likely find me on the cricket field, reveling in the
